Title: "MOONLIGHT MAZE"

Synopsis: To request identification of appropriate SIOC operations facilities for Moonlight Maze Coordination Group.

Details: The Moonlight Maze Coordination Group (MMCG) has been verbally advised that the SIOC facility which it currently occupies, [REDACTED] will be required for NATO operations on or about April 15, 1999.

The MMCG is deploying personnel to Moscow, Russia, on April 2, 1999, in support of the above captioned investigation. In order to maintain proper support for the deployed personnel and to assure continuity of operations, the MMCG requests that SIOC staff identify which SIOC operations room the MMCG will be assigned after vacating [REDACTED]. Rapid identification of this facility is requested, as considerable logistical challenges must be addressed, including movement of substantial quantities of computer hardware and communications gear and dissemination of new telephone and fax numbers.

The MMCG anticipates occupying the newly-assigned facility until about May 15, 1999.
